Does Applicant or related entity have an option/contract to purchase the Project site?

Describe the present use of the proposed Project site (vacant land, existing building, etc.)

The Proposed Project site is currently being used as low-income affordable multi-family rental housing.

Provide narrative and purpose of the proposed project (new build, renovations) square footage of existing and new construction contemplated and/or equipment purchases. Identify specific uses occurring within the project. Describe any and all tenants and any/all end users: (This information is critical in determining project eligibility)

The Proposed Project is the acquisition and renovation of Parkside Houses, a 180-unit affordable, section 8 site for families that was built in 1974. The purpose of the acquisition and renovation is to preserve and improve an important affordable housing resource in the Town of Amherst. The property is situated on 11.36 acres with 33 two-story buildings containing 44 one-bedroom units, 78 two-bedroom units, 48 three-bedroom units, and 10 four-bedroom units. One of the three-bedroom units is a non-revenue employee unit. The property consists of multiple parcels with the addresses of 101-128 & 302-332 Little Robin Road and 301-326, 801-824 & 825-862 Robin Road in Amherst, NY. In addition, the property contains a management office and multiple laundry rooms. The subject property is located within Amherst's Audubon neighborhood, which also contains many single family homes. In the years since the property was built, it has never undergone a substantial rehabilitation. Parkside Houses has been well-maintained, but now has physical needs that require significant capital investment. The Applicant is working with New York State Housing Finance Agency ("HFA") to obtain an allocation of 4% LIHTCs and an allocation of tax-exempt bonds to finance the acquisition and rehabilitation of the property. The acquisition closing and start of renovation is expected to occur in the 3rd quarter of 2021 with renovation to be completed over a twelve-month period. The Applicant proposes to invest approximately \$50,000 per unit in direct hard costs (approximately \$62,000 per unit in total construction costs) to complete a comprehensive rehabilitation that will improve the property functionally and aesthetically. The owner is planning a rehabilitation of the property including new cabinets, counters, sinks, fixtures, appliances, lighting, tubs, toilets, vanities, flooring, doors, painting, and electrical outlets. Additionally, nine (9) units would be made fully handicap/ADA compliant. Site improvements include landscaping, asphalt paving, curbs and ramps, playground, and signage. Common areas would be modernized and upgraded. Security improvements will include upgraded lighting, security cameras and monitoring equipment and access controls. The property includes laundry facilities, community room, storage facilities, and other services. The property will remain livable throughout construction so it is not expected that any tenants will be displaced during the construction period. In addition, the new owner will coordinate with the Related Affordable Foundation ("RAF") to bring additional resources and resident services to the property. RAF is a charitable, tax-exempt 501(c)(3) organization committed to enriching the lives of affordable housing residents and breaking the generational cycle of poverty. In addition to the physical upgrades and tenant service coordination, the owner is planning to enter into regulatory agreements in connection with the LIHTCs and tax exempt bonds to ensure that 100% of the units remain affordable for residents with incomes at or below 60% AMI for at least another 30 years. The ultimate objective is to preserve and improve existing affordable housing in the Town of Amherst for current and future residents.

Municipality or Municipalities of current operations

Town of Amherst

Will the Proposed Project be located within a Municipality identified above?

Yes

Will the completion of the Project result in the removal of an industrial or manufacturing plant of the project occupant from one area of the state to another area of the state OR in the abandonment of one or more plants or facilities of the project occupant located within the state?

No

If the Proposed Project is located in a different Municipality within New York State than that Municipality in which current operations are being undertaken, is it expected that any of the facilities in any other Municipality will be closed or be subject to reduced activity?

No

(If yes, you will need to complete the Intermunicipal Move Determination section of this application)

Is the project reasonably necessary to prevent the project occupant from moving out of New York State?

No

If yes, please explain and identify out-of-state locations investigated, type of assistance offered and provide supporting documentation available

Have you contacted or been contacted by other Local, State and/or Federal Economic Development Agencies?

No

If yes, please indicate the Agency and nature of inquiry below

If the Project could be undertaken without Financial Assistance provided by the Agency, then provide a statement in the space provided below indicating why the Project should be undertaken by the Agency:

Describe the reasons why the Agency's financial assistance is necessary, and the effect the Project will have on the Applicant's business or operations. Focus on competitiveness issues, project shortfalls, etc... Your eligibility determination will be based in part on your answer (attach additional pages if necessary)

The Project could not currently be undertaken without Financial Assistance from the Agency. The Project will be financed with tax-exempt bonds and 4% LIHTCs. In addition, it is anticipated that the Project will receive a PILOT from the Town of Amherst. However, given the extent of the proposed rehabilitation, the aforementioned capital sources and tax benefits will not be sufficient to make the project viable. The Project will also need tax incentives in the form of a sales tax exemption from the Amherst IDA in order to keep project costs at a level that make the substantial rehabilitation that is planned viable. That is to say that without the sales tax exemption, our total costs of goods and services (COGS) would exceed the financing sources available to us for this Project. Therefore, the sales tax exemption is critical for the Applicant to undertake the Project. For this Project, we are anticipating COGS of \$6,500,000. The resulting Sales Tax Exemption would mean a 569,000 benefit to the property which would be directly re-invested in the proposed renovation of the property. The renovation of the property will enable an investment of approximately \$9 million in direct hard costs (an average of \$50,000 per unit) and over \$11 million in total construction costs, to address physical needs at the property. Built over 40 years ago and never substantially renovated, the property has been maintained but now has significant capital needs. The proposed renovation includes new cabinets, counters, sinks, fixtures, appliances, lighting, tubs, toilets, vanities, flooring, doors, painting, and electrical outlets. Additionally, nine (9) units would be made fully handicap/ADA compliant. Site improvements include landscaping, asphalt paving, curbs and ramps, playground, and signage. Common areas would be modernized and upgraded. Security improvements will include upgraded lighting, security cameras and monitoring equipment and access controls. The proposed renovation will allow the Applicant to preserve and improve an important affordable housing resource in Amherst which continues to have a need for affordable housing. Through this renovation, the Applicant will protect the affordability of 100% of the 180 units with new extended regulatory agreements. The project is also expected to generate approximately 25 construction jobs through the rehabilitation, with an expected average salary of \$80,000/year for full-time roles and \$40K/year for part-time roles, in addition to enabling the retention of four positions on the property management team.

Please confirm by checking the box, below, if there is likelihood that the Project would not be undertaken but for the Financial Assistance provided by the Agency

Yes

If the Applicant is unable to obtain Financial Assistance for the Project, what will be the impact on the Applicant and Erie County?

If the Applicant is unable to obtain Financial Assistance for the Project, the Applicant will need to seek other resources to enable the acquisition and rehabilitation, however it is unclear at this time whether other resources will be available for the Project. If other resources are not available, then the Applicant will not be able to acquire the property and complete a much needed rehabilitation. The current owner will continue to work with management to operate the property given available resources, however the property will undoubtedly experience increasing physical needs and declining conditions.

Will project include leasing any equipment?

Yes

If yes, please describe equipment and lease terms.

The site leases laundry machines, Printer/copier machine, and postage machine

Section III: Facility Type - Single or Multi Tenant

Is this a Single Use Facility or a Multi-Tenant Facility?

Multi-Tenant Facility

Multi-Tenant Facility (to be filled out by developer).

Please explain what market conditions support the construction of this multi-tenant facility

Erie County has a significant need for safe and decent affordable housing. According to the U.S. Census Bureau (2015-2019 American Community Survey 5-Year Estimates), the percentage of households living in rental units and paying 30% or more of their household income in gross rent is 49.4% in Erie County. As the region continues to experience redevelopment activity, the need for preserving affordable housing will continue to grow. In addition, the recent COVID-19 crisis has resulted in unprecedented unemployment which has put significant financial strain on many residents in the County of Erie. This strain only increases the need for safe, decent and affordable rental housing stock. Parkside Houses provides much needed affordable rental units in a transit accessible location near Buffalo. The property had an average occupancy rate of 97% in 2020 and has had an average occupancy rate of 98% so far through 2021. This further indicates the need for this valuable affordable housing resource in the community.

**TOWN OF AMHERST INDUSTRIAL DEVELOPMENT AGENCY/
TOWN OF AMHERST DEVELOPMENT CORPORATION
FEE AND EXPENSE SCHEDULE**

The following sets forth the Administrative Fee and Expense Policy of the Town of Amherst Industrial Development Agency (“Agency”) and the Town of Amherst Development Corporation (“ADC”), effective as of December 13, 2019.

Application Fee: At the time of application for approval by the Agency or the ADC of any transaction there shall be a non-refundable application fee of Five Hundred Dollars (\$500.00).

For an extension of an inducement, each extension of six months shall require payment of one quarter of the Agency Administrative Fee.

Agency Administrative Fees:

1. New Projects

The Agency Administrative Fee for For-Profit Projects shall be the greater of: (a) one percent (1%) of the bond amount, if bonds are to be issued, (b) one percent (1%) of the mortgage amount, if a mortgage with note is utilized or (c) one percent (1%) of the project value. One quarter of the Agency Administrative Fee, or .25%, must be received by the Agency prior to the issuance of a Sales Tax Letter by the Agency except for installment sale transactions when the entire Agency Administrative Fee of 1% is due at time of the issuance of the Sales Tax Letter. The balance of the Agency Administrative Fee or .75% shall be due on the closing of the transaction.

2. Re-financings

The Agency Administrative Fee for For-Profit Re-financings shall be \$1,000 plus one half of one percent (.5%) of any new money being financed for projects that provide additional economic benefit to the community.

3. Second Mortgage

The Agency fee for a second mortgage is one half of one percent (.5%) for all projects requiring a second mortgage that provide additional economic benefit to the community. Second Mortgages that occur for strictly financial purposes are not eligible for a Mortgage Recording Tax Exemption. If the project involves additional PILOT or sales tax benefits, then the fee is one percent (1%) and calculated as explained previously under “New Projects”.

4. Approval of Lease Assignment and Assumptions

The Agency Administrative Fee for approval of Lease Assignments and Assumptions shall one percent (1%) of the Project Cost except as otherwise agreed to by the Agency.

5. Tax-Exempt Financing

The Agency Administrative Fee for approval of all Tax-Exempt projects shall be one half of one percent (.5%) based on the issuance amount of the bond as agreed to by the Agency. This is the fee regardless of whether it is a refinancing of a previous AIDA or ADC bond or a new issuance for a new project. For those bond issuances where a PILOT is necessary, the project fee is one percent (1%) and calculated as previously detailed under "**New Projects**". The fee is due in full at closing.

Tax-exempt Bond Counsel fees for tax-exempt financing projects will be charged separately, based upon time expended with respect to such project. Agency Counsel fees will be charged in accordance with the Bond/Mortgage/Lease schedule below.

6. Additional Fees

Additional costs associated with meeting the Agency's current environmental policy are the responsibility of the Applicant.

If the Project Application is withdrawn at any time following submission, or the inducement or authorizing resolution of the Agency relating to the Project expires without extension, or the Project does not close for any reason, the Applicant is responsible for and shall pay costs, including without limitation Agency Counsel Fees, incurred by the Agency in connection with the Project.

ATTACHMENT TO AIDA APPLICATION FOR FINANCIAL ASSISTANCE

Local Labor Workforce Certification

Project applicants (the “Company”), as a condition to receiving Financial Assistance (including a sales tax exemption, mortgage recording tax exemption, real property tax abatement, and/or bond proceeds) from the Town of Amherst Industrial Development Agency (the “Agency”), will be required to utilize Local Labor, as defined below, for all projects involving the construction, expansion, equipping, demolition and/or remediation of new, existing, expanded or renovated facilities (collectively, the “Project”).

Local Labor Defined

Local Labor is defined as individuals residing in Erie County, Niagara County, Chautauqua County, Cattaraugus County, Allegany County, Wyoming County, Genesee County, and Orleans County (collectively, the “Local Labor Area”).

Local Labor Requirement

At least 90% of all Project employees of the general contractor, subcontractor, or subcontractor to a subcontractor (collectively, the “Workers”) working on the Project must reside within the Local Labor Area. Companies do not have to be local companies as defined herein, but must employ local Workers residing within the Local Labor Area to qualify under the 90% local labor criteria.

It is understood that at certain times, Workers residing within the Local Labor Area may not be available with respect to a Project. Under this condition, the Company is required to contact the Agency to request a waiver of the Local Labor Requirement (the “Local Labor Waiver Request”) based on the following circumstances:

- (i) Warranty issues related to installation of specialized equipment whereby the manufacturer requires installation by only approved installers;
- (ii) Specialized construction for which Local Labor Area Workers are not available;
- (iii) Documented lack of Workers meeting the Local Labor Area requirement. The Agency shall evaluate the Local Labor Waiver Request and make its determination related thereto based upon the supporting documentation received with such waiver request; or
- (iv) Significant cost differentials in bids whereby use of Local Labor significantly increases the cost of the project. A cost differential of 25% is deemed significant.

Local Labor Reporting Requirement

Companies authorized to receive Financial Assistance from the Agency will be required to file or cause to be filed a Local Labor Utilization Report (the "Report") on such form as made available by the Agency, and as directed by the Agency, which will identify, for each Worker, the city, town, or village and associated zip code that each such Worker is domiciled in. The Report shall be submitted to the Agency as follows: (i) immediately prior to commencement of construction activities; and (ii) on or by the next following quarterly dates of January 1, April 1, July 1, and October 1 and each quarterly date thereafter through the construction completion date.

In addition, the Agency, or its designated agents, shall have the right, during normal business hours, to examine and copy the applicable books and records of the Company and to perform spot checks of all Workers at the Project site to verify compliance with the Local Labor Requirement throughout the construction period.

Enforcement

If Agency staff determines that: (i) the Local Labor Requirement is not being met; or (ii) Agency staff, upon use of its reasonable discretion, discovers or becomes aware of a compliance issue related to the Local Labor Requirement, then written notice of said Local Labor Requirement violation (the "Notice of Violation") shall be provided to the Company. The Company shall have 10 business days thereafter to either: (i) provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement; (ii) submit the Local Labor Waiver Request as described above; or (iii) confirm in writing its inability to meet the Local Labor Requirement. If the Company does not respond to the Agency's Notice of Violation, or if the Company confirms its inability to meet the Local Labor Requirement then the Agency shall immediately terminate any and all Financial Assistance being provided to the Project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the Project. If a Local Labor Waiver Request is submitted and the Agency declines to issue the requested waiver, then the Company shall have 10 business days after receipt of the notice of the waiver request denial to provide written confirmation to the Agency indicating that it has cured the violation and is now in compliance with the Local Labor Requirement. If the Agency does not receive such confirmation, the Agency shall then immediately terminate any and all Financial Assistance being provided to the Project in accordance with the terms of the underlying agreements between the Agency and the Company with respect to the Project.

June 21, 2013

The foregoing terms have been read, reviewed and understood by the Company and all appropriate personnel. The undersigned agrees and understands that the information contained herein must be transmitted and conveyed in a timely fashion to all applicable subcontractors, suppliers and materialmen. Furthermore, the undersigned realizes and understands that failure to abide by the terms herein could result in the Agency revoking all or any portion of Financial Assistance, whether already received or to be received by the Company, as it deems reasonable in its sole discretion for any violation hereof.
